

BUILT ENVIRONMENT

HIT THE GROUND RUNNING™

VISION

Changing lives and enriching communities for a better world.

MISSION

- We deliver superior products and services that benefit society, and shape future generations of leaders and thinkers.
- We care for the safety and health of our people, and we believe in developing their talents through empowerment and enabling them to maximise their potential.
- We grow our businesses to deliver sustainable and responsible shareholder returns while ensuring that we continue to protect our environment.
- We must be bold in technological innovations to be market leaders in our core businesses.
- We will leverage on the synergies within our business ecosystem to create unique product offerings.

EDUCATION CHARTER

- We inspire students and staff to lead, share and serve.
- We create a community in which learning, teaching and research are encouraged, enabled and enjoyed.
- We promote critical thinking, independent learning and creative problem solving.
- We nurture individuals to be ethical and responsible global citizens.
- We share our success with stakeholders and the community we serve.

PARAMOUNT EDUCATION

Paramount Education is the education arm of Paramount Corporation Berhad (PCB), a public listed company with diverse interests and strong positions in property development, investment, construction and educational services.

It's a full spectrum education services provider that offers quality education from pre-school, primary and secondary, both local and international, through to undergraduate and post-graduate levels, as well as executive and professional development programmes.

KDU IS

AN ESTABLISHED NAME

Over 35 years of superior private tertiary education

STUDENT-CENTRED

Good student-lecturer ratio that emphasises personal attention to spark curiosity, inspire success and promote responsibility

AWARE OF TOMORROW'S NEEDS

Practical knowledge applied throughout the entire programme to manage and solve future challenges

STAFFED BY EXPERTS

Highly-skilled lecturers and tutors who share decades of experience

SYNONYMOUS WITH EMPLOYABILITY

More than 90% of KDU's graduates are employed or engaged in further study within 6 months upon graduating

GLOBAL

Students are given exposure to international standards and practices, collaborations, culture, language and work ethics

COMPETITIVE

KDU's students compete at local and international platforms and win awards and accolades from international icons and organisations

KDU Penang University College | Batu Kawan Campus

The All New Live-And-Learn Environment

Targeted for opening by 2019, the upcoming KDU Campus in Batu Kawan has a feeling of openness, with the building blocks surrounded by green planting / hardscape / spaces formed by The Piazza, The Plaza and Park Avenue. Within the buildings, Park Windows bring the green into breakout spaces centered in the learning cluster, creating an outward-looking collaborative mode.

MAIN CENTRAL CONGREGATION SPACE

The Piazza is a large, open-to-sky, gathering space on the 2nd floor where bazaars, fund-raising events and outdoor performances can be held. It is a combination of turf and hardscape.

BREAKOUT SPACES

On the ground floor, the Cafeteria spills out around a cooling Water Concourse and an educational Herb & Spice Garden. At the student drop-off, The Galleria exhibits students' works. An outdoor Sculpture Garden along the building displays bigger sculptural art works and installations by the students.

KDU Penang University College | Anson Campus

Building A Strong Foundation

Spurred by the success of the Petaling Jaya campus, the KDU board decided to expand the college beyond the Damansara Utama vicinity and plans were quickly made to make this dream a reality. From there, a decision was made to set up a branch campus in Penang with the aim of providing further education access to Penangites as well as the community in Northern Malaysia.

KDU Penang University College began its chapter when it opened its doors to its first batch of students in 1991. Since then, KDU Penang University College has grown by leaps and bounds. Now, sitting proudly in Jalan Anson, KDU Penang University College is the most popular private tertiary education provider in the northern region. It has an international alumni from more than 60 countries around the world.

KDU Penang University College's range of internationally recognised industry-driven academic programmes covers a wide level of offerings from Pre-University studies to Postgraduate programmes. All its programmes are accredited by the Malaysian Qualifications Agency and are internationally affiliated with top universities around the globe such as University of Lincoln and Northumbria University from the United Kingdom and the IMI International Management Institute Switzerland.

KDU Penang was conferred an all-round 6-star College status by the Ministry of Higher Education (MOHE) MyQuest Audit 2014/2015. It boasts of state-of-the-art facilities which include industry-standard 5-star kitchens, a Recording Studio, Art Gallery and Design Studios, VLSI engineering labs, Games and Multimedia Computing Design Labs, Business Boardrooms and Lounge, Mock Hotel Suites and many more. All this helps to ensure that every KDU student is well prepared to be gainfully employed upon graduation – an indisputable fact that has strengthened the institution's impressive graduate employment ratio record.

Over a span of 25 years, our students continue to do us proud with a string of successes in various national and international competitions. In July 2013, KDU Penang was also awarded the Penang MPSP Green Industry Award for the SME Education and Awareness category. For real education in the real world – **HIT THE GROUND RUNNING™** with KDU Penang University College.

CULTIVATING AN ENTREPRENEURIAL MINDSET

Best Business Project Idea 2017 Competition

The Student Entrepreneur Programme is an initiative set up by KDU Penang University College to encourage student-run start-ups, essentially providing a platform for students to gain practical, real-life experiences in setting up and running their own businesses.

In addition to expanding their knowledge and skills, the management of their start-ups, as well as integrated project work, provides them with hands-on experience.

The initiative bridges the gap between academia and industry, bringing a business world element to the campus, and provides students with a better picture of what one might face as an entrepreneur.

4th International Student Conference - “Be the Innovators”

The 4th International Student Conference (ISC) themed “Be the Innovators” organised by KDU Penang University College’s Student Council was held from 25 – 27 September 2017, and attracted more than 150 students from 11 countries – China, Hong Kong, Myanmar, Vietnam, United Kingdom, Sri Lanka, Korea, Thailand, Brunei, Turkestan and Malaysia. This 3-day conference was filled with talks by prominent speakers sharing their valuable experiences and knowledge. On the first two days, workshops and teambuilding activities were also included. The event ended with a full day tour of Penang.

Sharing Moment with Successful Entrepreneurs

KDU Penang UC students were treated to an eye-opening session in 2017 as two established entrepreneurs shared their experiences and insights on having a start-up business. Clarence Leong, founder and CEO of easyParcel, was a Top 10 entrepreneur in 2016’s JCI CYEA (Creative Young Entrepreneur Award) and recently received Merit for SOBA (Star Outstanding Business Award). Leong Shir Mein, CEO of Delivereat, was Top 10 in a list of remarkable female entrepreneurs (Vulcan Post).

Business Start-Up Coaching Day

The KDU Business Startup Coaching Day was held on 21 April 2017, featuring highly-experienced speakers Dr Supi Yeoh and Mr Richard Oon Hock Chye, who both have years of invaluable experience in their respective fields. Attendees were taught the fundamentals of how to achieve their dreams of running their own business, beginning from the start-up level.

The Business Challenge Workshop

The Business Challenge Workshop, in collaboration with Malaysian Global Innovation & Creativity Centre (MaGIC), was held on 14 September 2017. The attendees took part in activities that challenged their innovative thinking skills, as well as their critical decision-making skills. At the end of the workshop, as a gold standard test of a balance between innovation and practicality, students pitched plans and new ideas.

WORKING WITH & WITHIN COMMUNITIES

“Start Today, Save Tomorrow” Mud Ball Project

Organised by Junior Chamber International (JCI) Batu Kawan and co-organised by KDU Penang, “Start Today, Save Tomorrow” Mud Ball Project was held at Sungai Jawi, on 14 October 2017. JCI Batu Kawan and KDU Penang spent two months preparing for this event. Lecturers and staff from KDU Penang took a week to run workshops on environmental protection and river pollution awareness at secondary schools in Seberang Perai Selatan. The preparation of mud balls involved about 600 teachers and students as well as parents. The main objective was to create environmental awareness on clean and healthy rivers among students.

KDU Penang Launched Christmas Donation to Charity Organisations

Due to the overwhelming response, members of the Engineering Society of KDU Penang again held a charity event called Rudolph’s Shoebox to celebrate Christmas last year. Rudolph’s Shoebox encouraged students and staff to place gifts around the Christmas tree at the foyer. The gifts were donated to Kechara Soup Kitchen Penang and St Joseph’s Home Penang.

The Engineering Society also raised funds for both charities to help them get some extra cash for the holiday season. The Christmas tree and Snowman built with recycled plastic cups remained at the foyer until the end of the year.

Community Service Accompanied by Fun and Games!

Twenty students from KDU Penang were involved in the Community Service of International Scout Exchange Program for Chung Ling High School Penang and Zhonghua Secondary School Singapore. Lead by Ms Ng Fong Chiu, senior lecturer of the Department of Computing, the event saw about 80 students participating in the project.

Staff Development Programme for SMJK Chung Ling

KDU Penang’s senior lecturers from the School of Engineering, Computing and Built Environment conducted a staff development programme for 200 staff members (academic and nonacademic) from SMJK Chung Ling on the campus. Topics covered included “The Flipped Classroom and Instructional Video-Developing Using SOM” by Ms Ng Fong Chiu and Ms Tan Mei Hooi.

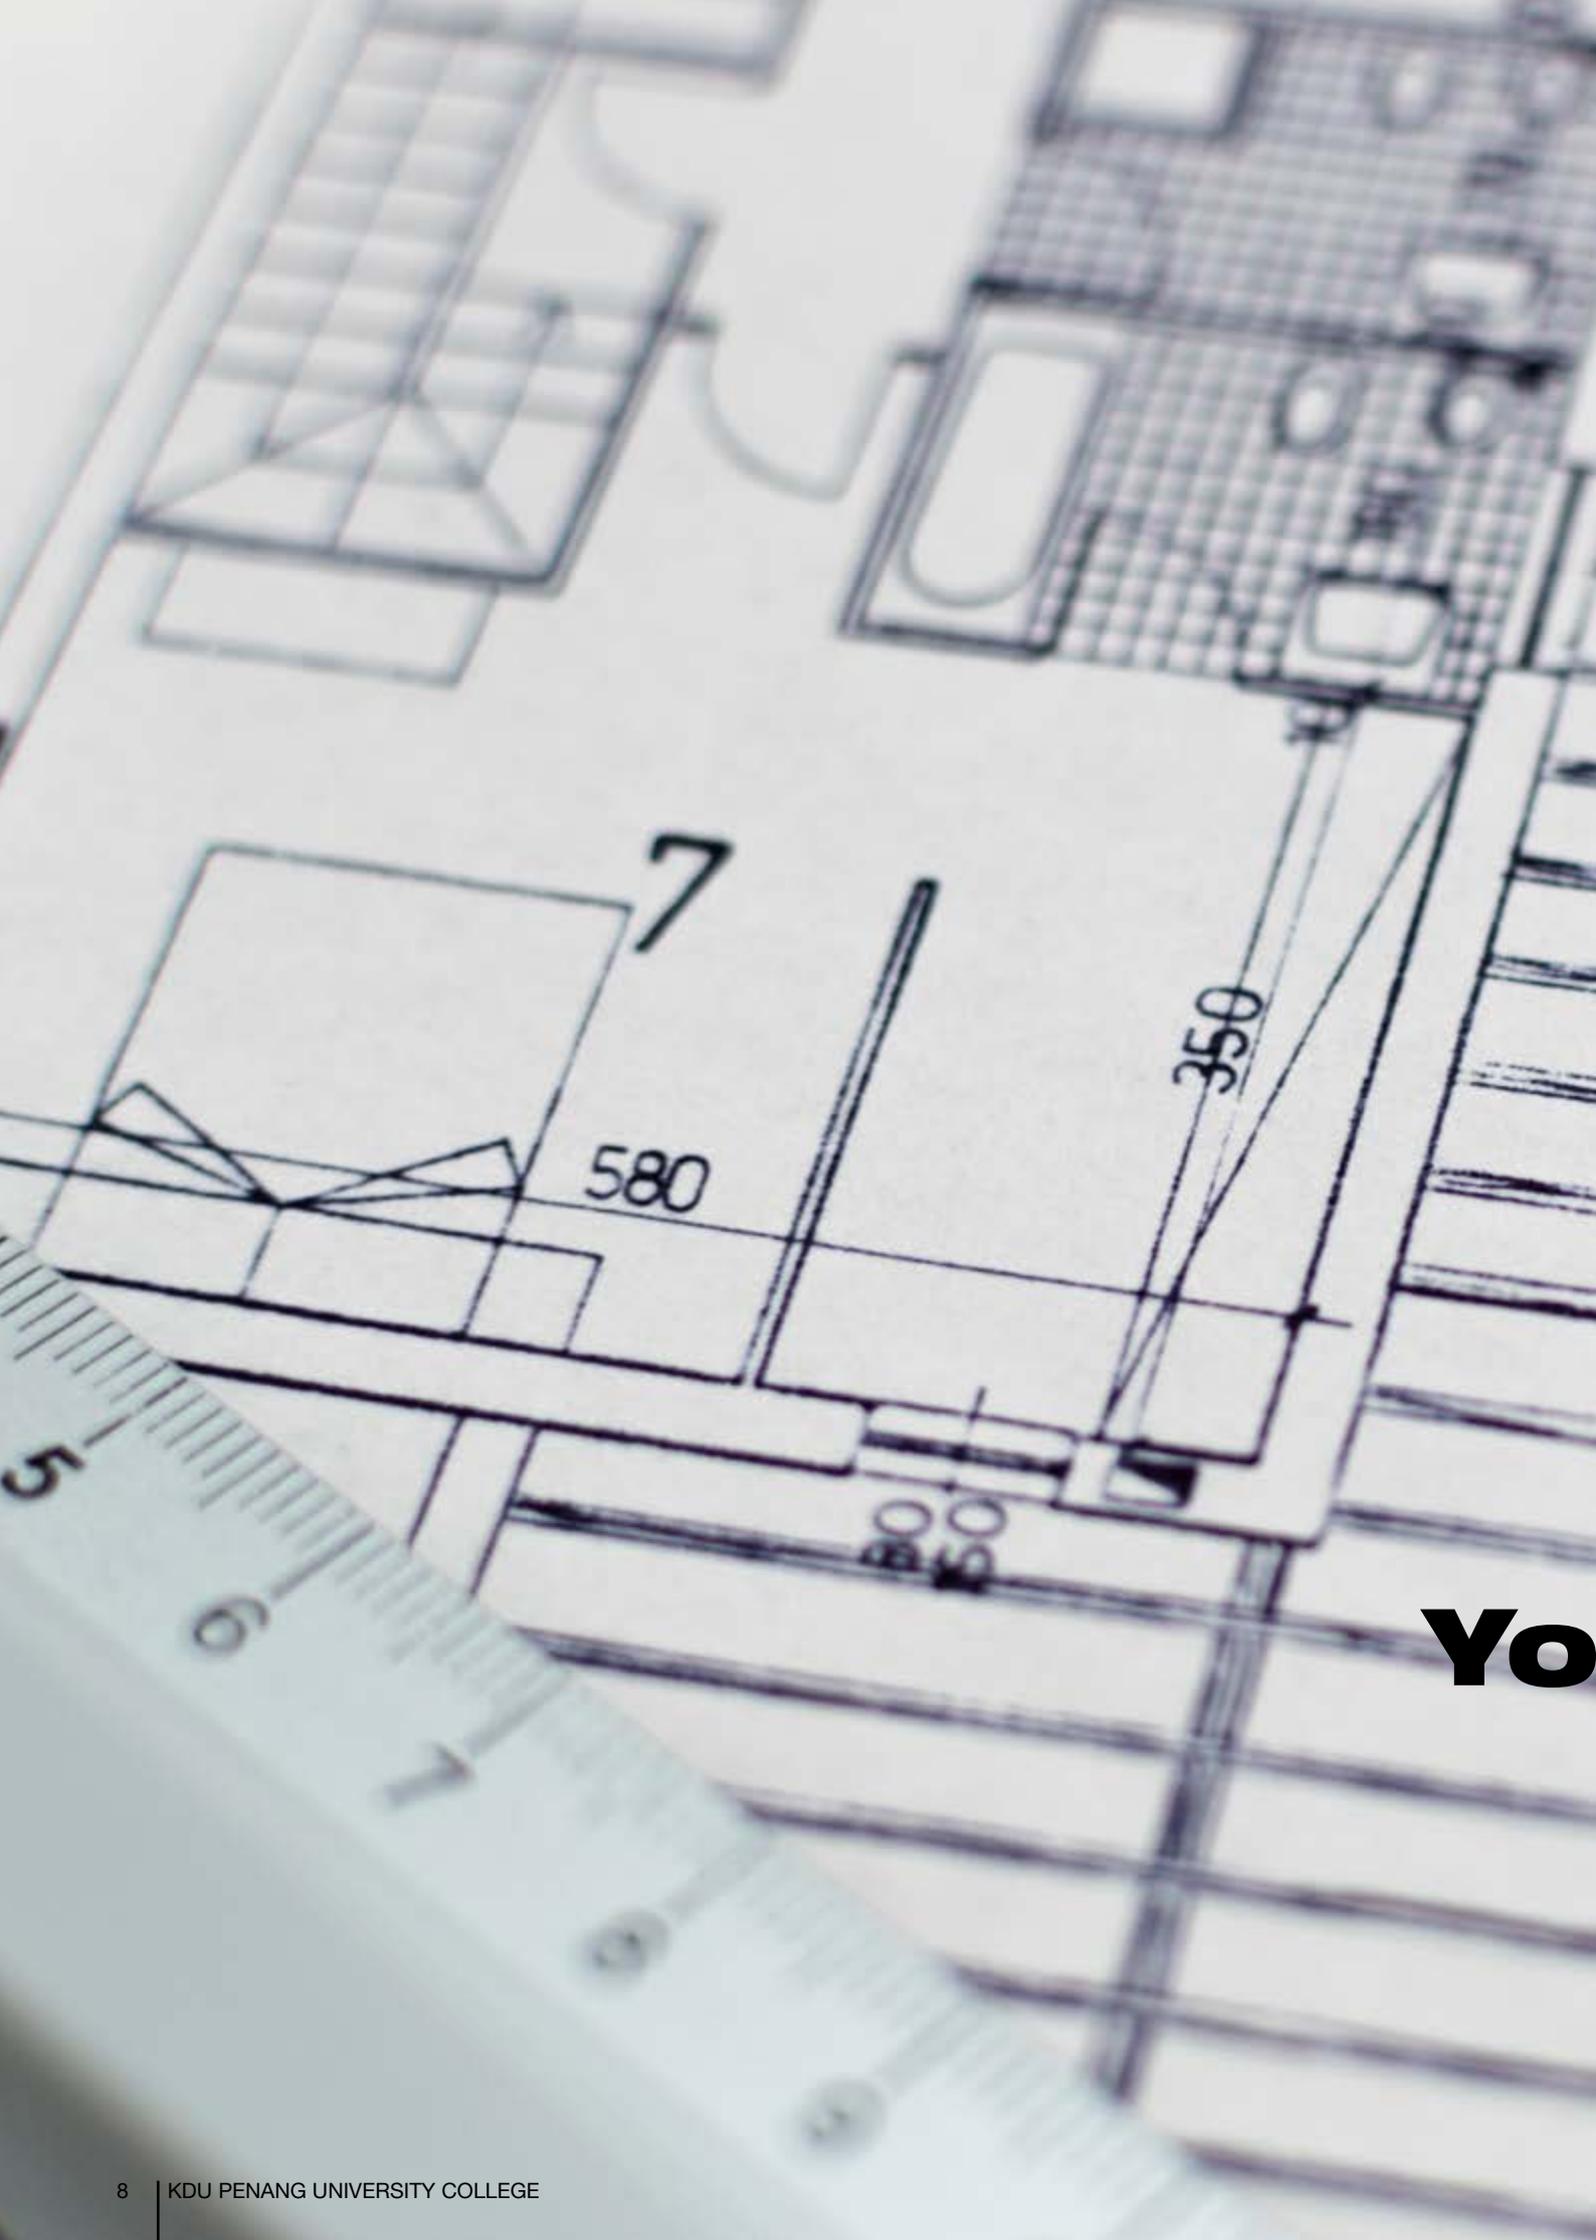

Hand-in-Hand for Penang Flood Victims

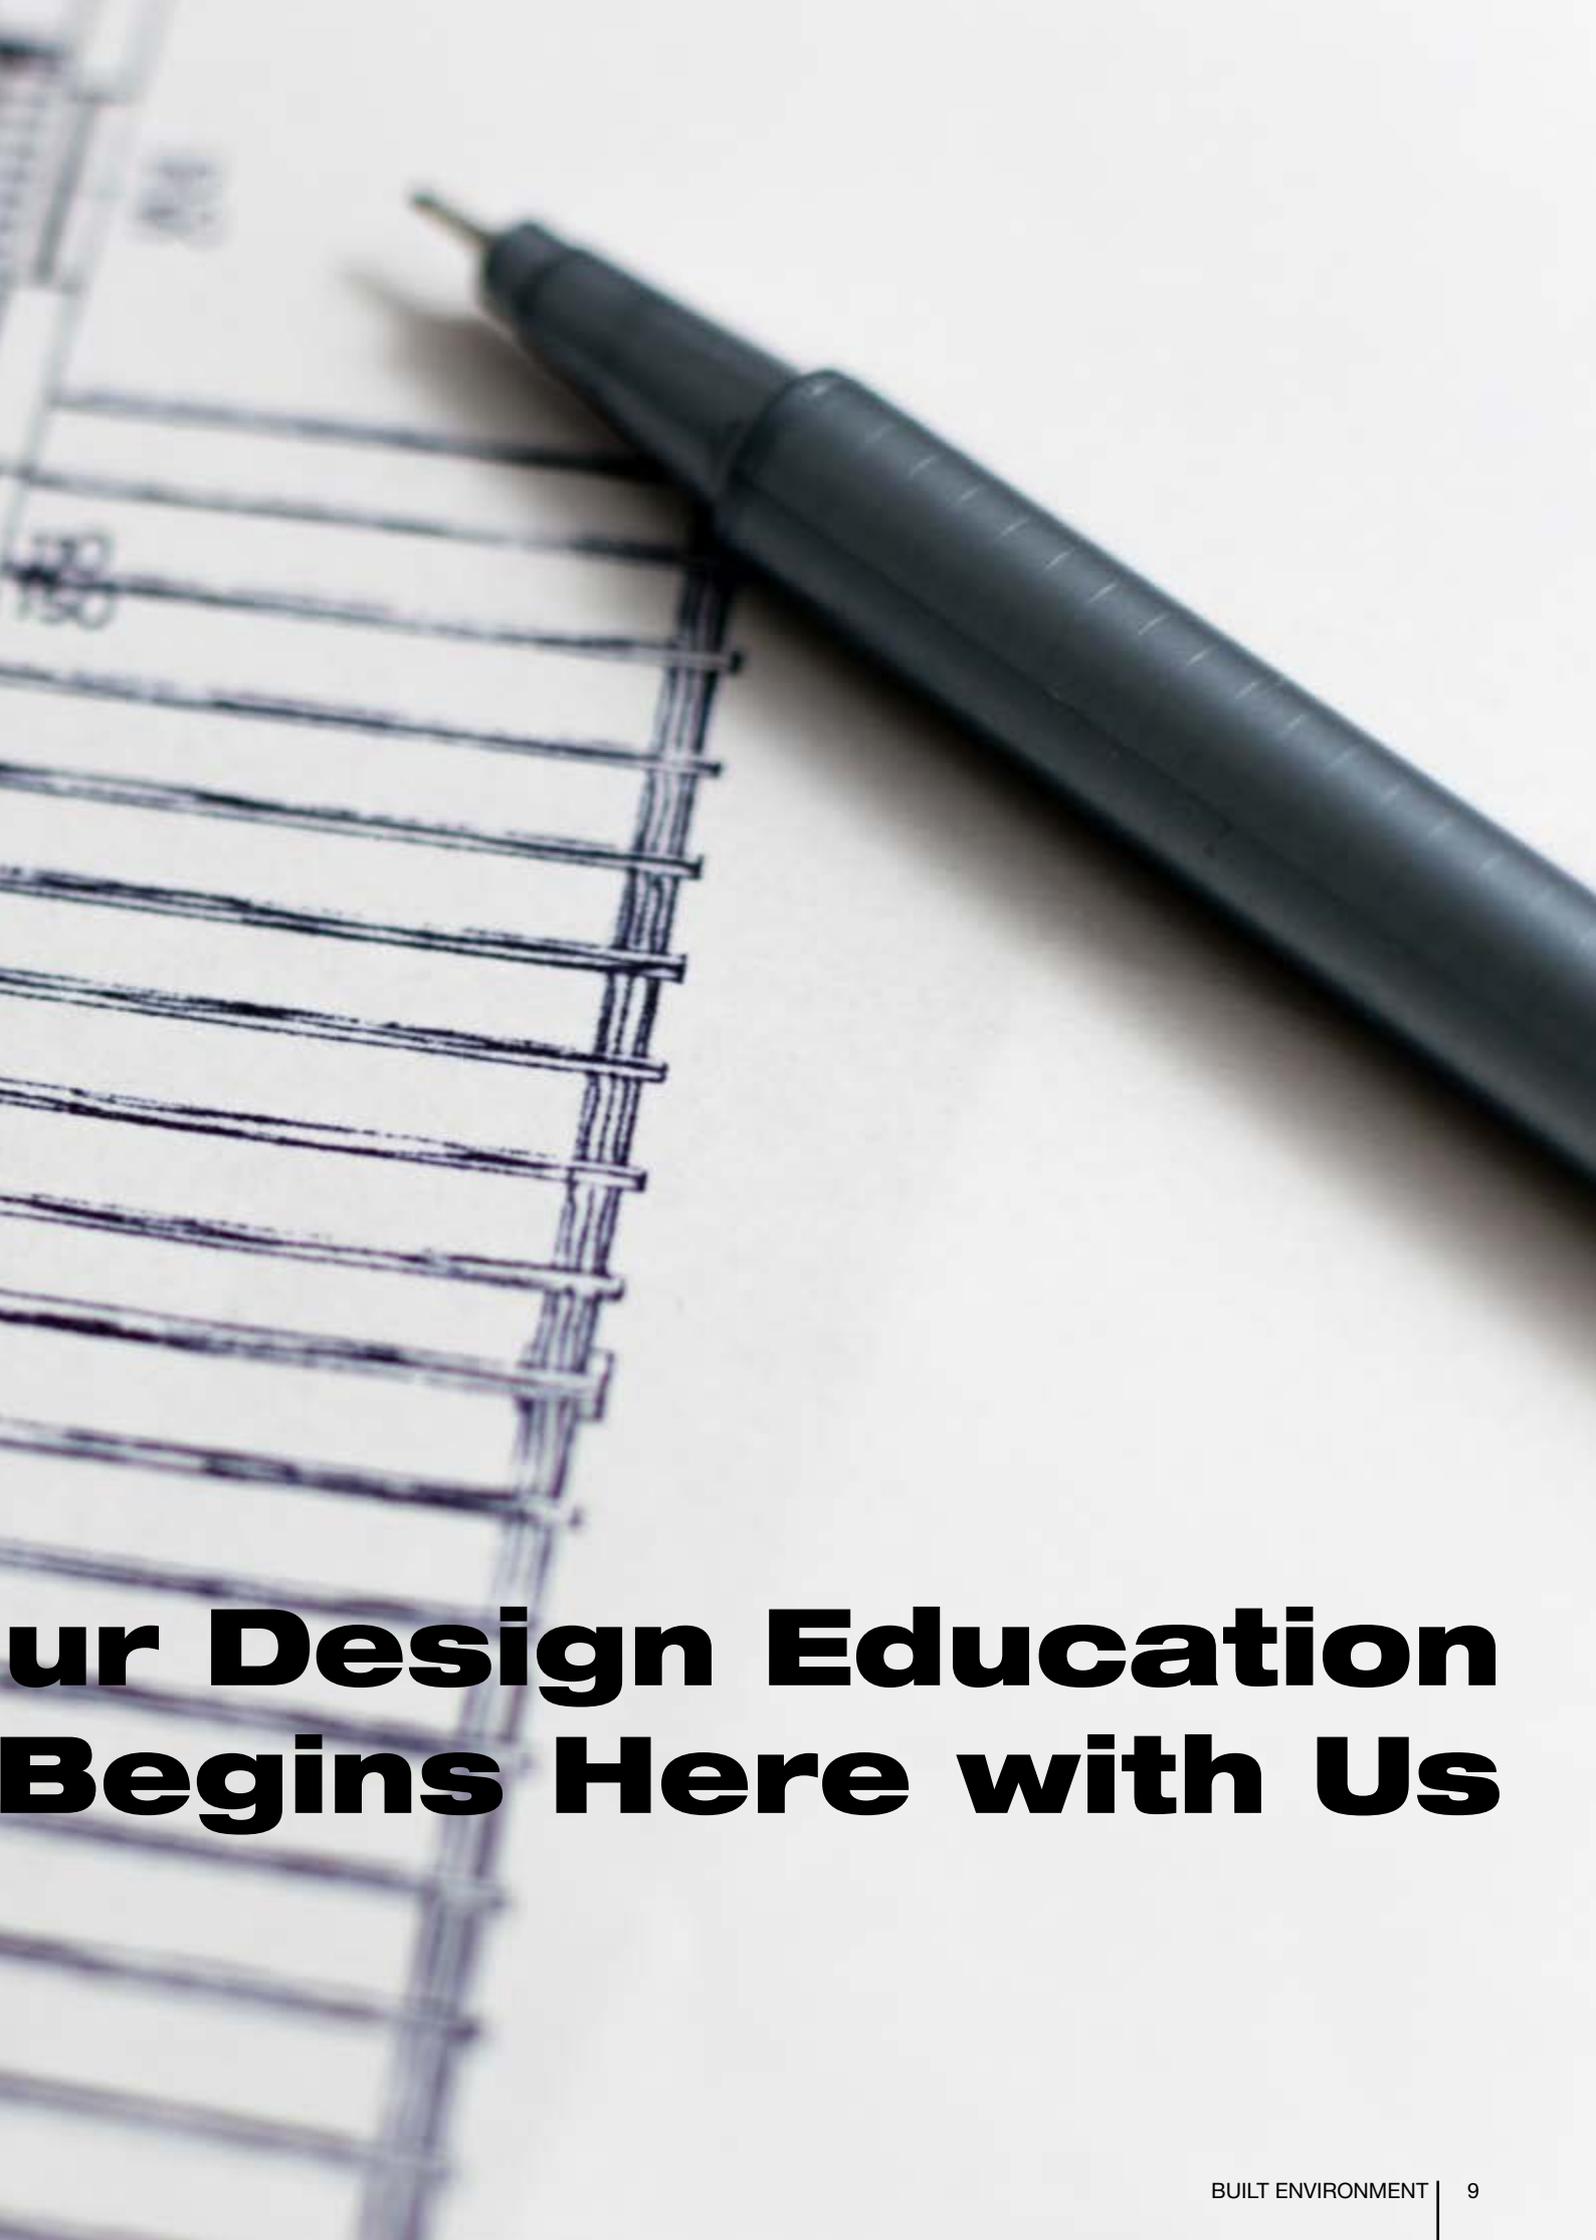

Students and staff from KDU Penang collaborated with Universiti Sains Malaysia (USM) to help victims when massive floods hit Penang in early November 2017.

The Student Service Department (SSD) set up a donation box to collect essential items, money and cleaning accessories. Together, they cleaned KDU Penang’s lecturer Mr Saravanan Maniam’s house in Bukit Mertajam, which was inundated.

Another team of 20 KDU Penang students helped prepare food and packed essential items for victims at Dewan Besar, Sungai Dua.

Begins Here with Us**

DEPARTMENT OF BUILT ENVIRONMENT

The path of creativity is rocky, yet gratifying. Imagine holding the ability to transform the world around you into a better and more exciting place. We offer you the potential to create an impassioned career that empowers you to change lives with design and creativity.

In KDU Penang University College's Department of Built Environment, we lay the foundation for your creative pathway. We understand the journey ahead can be challenging, and that's why we are here to assist and ensure you a gratifying education.

We know it is a path worth pursuing.

Why KDU is the preferred choice:

We have a full team of qualified lecturers who excel academically and professionally.

Our lecturers have solid professional experience who have been actively involved in the industry. They each possess a minimum of a Master's degree from Local and International universities, guaranteeing their academic aptitude.

- A mix of creative and professional industry players.
- Experienced architects and interior designers in the teaching force.

Our department boasts of facilities that match industry standards in the field of interior design and architecture.

Our facilities are constantly upgraded to keep up with the competitive industry and support all stages of the design process in the field of interior design and architecture.

- Lab Six – Equipped with powerful, top of the line ACER Predator computers.
- Design Studios – Where creative minds flourish
- Gallery – An exhibition space for students' works of art
- 3D printers – state-of-the-art Interior Design accessories maker

Excellent international exposure and student mobility programme.

We recognise the importance of inspiration and expose our students to the international design landscape. Our department works hard to embed our students into International Universities and Design firms for them to collaborate in projects.

- Diploma programme to South East Asia; so far we've been to Bali, Bangkok, Medan & Singapore!
- Degree programme to Australia; 2 weeks Mobility Programme at RMIT in 2018

Creativepreneur environment

We polish our Gems to be the brightest in the Market. Being creative at work is not about doing what you are told in a job, but more about creating a lifestyle that embraces viewing things in new ways. Our curriculum revolves around merging creativity with entrepreneurship, providing students with the capabilities and freedom of a creativepreneur.

- Training programmes on entrepreneurship
- A platform for students to collaborate and work in real-life projects

HIT THE GROUND RUNNING

Our diploma programme prepares students to be accomplished practitioners in the field of design. Not confining our curriculum to the classrooms, we provide mind-opening experiences for our students through projects and industry collaboration.

- Real-Life Final Projects
- Professional External Markers

FORGET ABOUT EXAMINATIONS!

We focus on understanding each student's capabilities, and hence, traditional exams cannot be benchmarks of student performance. Instead, we devised rigorous, practical evaluations through projects and relevant exercises.

- 100% practical evaluation of related skills needed to Hit the Ground Running!

BRIGHT FUTURE AHEAD AFTER GRADUATION.

Most of our students contribute to the industry once they graduate from our programme. Some are working in prestigious design firms, while others start design practices of their own.

- We have an alumni consisting of Business partners in a Singaporean Design Firm
- Bolder students start Design Firms right after graduation!

SUPERB ARTICULATION WITH REPUTABLE INTERNATIONAL UNIVERSITY PARTNERS

Through partnerships, our programme is recognised by esteemed design institutions from all over the world.

Duration 2 years 6 months

Course mode Full-time

Intakes January, April and August

Course location KDU Penang University College

PROGRAMME STRUCTURE

YEAR 1

- Basic 2D 3D Design
- Drawing and Painting
- Colour Theory
- Academic English 1
- Introduction to Computing and Information Technology
- Introduction to Digital Photography
- Digital Composition
- Visual Communication and Spatial Exploration
- History of Architecture & Design 1
- Technical Illustration & Presentation
- Personal Development & Leadership Skills

YEAR 2

- Interior Design Project 1
- Digital Architectural Drafting & Graphic Illustration
- Digital Technology & Techniques 1
- History of Architecture & Design 2
- Interior Design Project 2
- Furniture Design
- Materials and Finishes
- Digital Technology & Techniques 2
- Academic English 2
- Environment Technology and Services
- Interior Design Project 3
- Interior Elements & Construction
- Marketing and Management for Designers
- Professional Practice and Management
- Practical Training

4 Months Practical Training

MPU SUBJECTS

Local

- Pengajian Malaysia 2
- Bahasa Kebangsaan A / Oral Communication 2
- Ethics and Moral 2
- Holistic Personal Development

Foreign

- Bahasa Melayu Komunikasi 1
- Oral Communication 2
- Ethics and Moral 2
- Holistic Personal Development

CAREER OPPORTUNITIES

- Interior Designer
- Furniture Designer
- Landscape Planner
- Stage Designer
- Production Set Designer
- Exhibition Designer
- Architectural Assistant
- Render Artist

BACHELOR OF ARTS (HONS) IN INTERIOR ARCHITECTURE

N/581/6/0090 09/21 (PA8036)

SCIENCE + ART = ARCHITECTURE

We have a unique blend of educator profiles, ranging from experienced practising designers and knowledgeable academicians; it is indeed an intersection of creativity and science.

- Lecturers, with Part 1 and Part 2 Architects
- Professional Architects (Part 3) as visiting lecturers and second markers

GET THE BEST OF BOTH WORLDS!

Students are not only exposed to the exciting world of Interior Design, but the beautiful side of Architecture as well, giving them the extra edge in job security.

- Final projects are both Interior Design & Architecture related
- Can join either Architecture or Interior Design firms right after graduation!

EXCELLENT STUDENTS WILL BE REWARDED

We provide opportunities for our students to gain experience by collaborating with practising designers and clients in real-life projects. Monetary incentives are bonuses for students who excel.

- Paramount Batu Kawan Utopolis Project
- Aspen Group Tri Pinnacle Project
- Partnership with IKEA for Paramount Property projects

GENUINE UNIVERSITY LEVEL EDUCATION

Our programme ensures a complete academic pathway with our hometown University-level education or with our esteemed partners overseas.

- Edith Cowan
- RMIT
- Griffith

INDUSTRY PRESENCE

We have strong ties with our parent company, Paramount Corporation, which allows students to engage in real-life projects and collaborations with industry professionals.

- Paramount Property developments all over Malaysia
- Professionals from Paramount Property share their knowledge with students on a regular basis

TRAVEL THE WORLD WITH OUR TRAVELING STUDIO

We provide a once-in-a-lifetime design experience by subjecting our students to cross-culture design collaborations with International Universities and Architectural firms which partner with us in Australia.

- Collaboration with established Australian university and design firm (2018)
- Mobility Programme in Australia for two weeks

Duration 3 years 6 months

Course mode Full-time

Intakes January, June and September

Course location KDU Penang University College

PROGRAMME STRUCTURE

YEAR 1

- 2D & 3D Studies
- Drawings & Illustrations
- Colour Theories
- Critical Design Studies
- Digital Communication Skills
- Technical Drawing & Digital Visual Composition
- Competition Brief : Furniture Design
- Critical and Cultural Studies 1

YEAR 2

- Design Studio 1: Interior Architecture
- Design Studio 2: Computer Aided Design Visualisation
- Construction Technology 1: Construction Detailing
- Design Studio 3: Inside Out Design
- Design Studio 4: Design Visualisation
- Construction Technology 2: Contemporary Technologies
- Internet & Cloud Application

YEAR 3

- Design Studio 5: Macro Project
- Design Studio 6: 3D Visualisations
- Professional Practice and Employability
- Construction Technology 3: Advanced Technologies
- Critical and Cultural Studies 2

ELECTIVE SUBJECTS

- Travelling Studio OR Internet Culture
- Digital Project Portfolio OR Digital Photography

YEAR 4

- Practical Training (6 months)

MPU SUBJECTS

- Event & Exhibition Designer
- Film, TV, Stage, Set & Theatre Designer
- Interior Model Specialist
- Interior Photographer
- Project Manager
- Research Assistant
- Visualiser (2-D & 3-D)

A.G.E. 2018

Final Year Showcase

At the opening ceremony, KDU Penang deputy vice-chancellor Associate Professor Dr. Brian Charles Imrie congratulated the students on their bold creativity.

“Design is increasingly central to our modern lifestyle. The homes we live in, the cars we drive and the things we buy are all designed to suit both our preferences and needs. KDU Penang continues to produce talents in the design field by enhancing student’s creativity and innovation through access to real-world design opportunities,” he said in his speech.

The three-day exhibition gave the students a chance to interact with visitors and explain their design philosophy to them. The opening ceremony was also attend by Dato Sri’ Syed Jaafar Syed Ali, Chairman of Malaysian Crime Prevention Foundation (MCPF) Penang, Dato Jefri Juan, Director of Vin Kerr Enterprise Sdn Bhd and member of MCPF Malaysia and Community Policing Penang, Ho Chin Keng, Principal Architect of CKHO Architects and Kenny Song, Executive Creative Director of Ken Ray Communication Sdn.Bhd.

THE ECHO OF DRISHTI

CHI YU QIAN

Enough with night life haunts and unhealthy entertainment centres. Better to find calm through yoga.

A final year student of KDU Penang University College pursuing her diploma in creative media design offered a wholesome paradigm shift when she embarked on a project idea that turns an entertainment centre into a yoga centre integrated with cafes and parks.

“I came out with an idea of a huge transformation of an original entertainment space into a calming yoga centre,” said Chi Yu Qian. “These days, working adults tend to be overstressed and find ways to release their tensions at clubs and bars till past midnight,” she added.

Chi had a vision in which her yoga centre would be equipped with yoga elements, a café and parks where people can socialise while adopting a healthy lifestyle.

“I usually get inspiration from my daily life because the design is just all about everything around us,” she expressed.

Chi was among 16 students who showcased their final year projects in the A.G.E Final Year Exhibition held on Aug 24, 2018, in First Avenue Mall. This is the finale for the students, who were pursuing their Diploma in Interior Design or Diploma in Creative Media Design.

KDU ALUMNI

KDU believes that people should learn more from people and not just from books.

Here at KDU Penang University College, not only is that practised, but people also celebrate the inspiration they bring to each other.

JOHN POH

Alumni of Diploma in Interior Design
2nd Year Student of
B. Arts (Hons) in Interior Architecture

I still remember the first day I stepped into college on a Monday morning, realising a new path of my life would begin. Time passed in the glimpse of an eye and 2 years went by. Now, I am looking forward to attending the first lecture of my degree in BA (Hons) in Interior Architecture.

I learned useful tips and knowledge from highly skilled lecturers and, of course, hard work and the determination to learn helped a lot in developing a better me. Learning will always be much more fun and easy with the help of lecturers and tutors who share their knowledge and experience with us young interior designers.

In the second semester, we had 2 main core design subjects, Interior Design Studio 1: Interior Architecture and Design Studio 2: Computer Aided Design Visualisation. We learned new design software and new methods of presenting our projects to clients by utilising Virtual Reality (VR) and barcode scanners. By using these technologies and a new way of presenting our projects with a 360-degree view, we managed to amaze architects from Paramount Property who came for our final presentation.

Now I truly hoped to complete my degree with flying colours and good reviews to face the future working industry. I am looking forward to the next few remaining semesters and will continue to work harder than ever to achieve my dreams and make everyone proud.

YEAP WEI TING

Alumni of Diploma in Interior Design
Best Student for 2017

I am an Interior Designer from Penang who recently completed my diploma course in KDU Penang University College. Throughout my years studying, not only did I enhance myself as an interior designer, but I also gained many precious memories and came across different kinds of people.

I started my life in KDU Penang UC in January, 2015, with just a handful of classmates. The first semester passed uneventfully but on my second semester, I met many new people from the March 2015 intake. Slowly but surely, I was making new friends. We once had a task given by our lecturer to work as a team to decorate an event's backdrop. It was like a bonding session for us to get to know one another but surely, arguments were inevitable. It made us grow and learn to respect each other. From that point onwards, I gained confidence and close friends. That was the true beginning of my life in KDU Penang UC.

The memories we shared and the bonds we made allowed me to improve myself as a person. KDU Penang UC changed an introverted person like me. I left my comfort zone and embraced challenges. One of the most memorable experiences was being a curator for our final year exhibition in 2017, M.A.D.E. Being in a spot where you must balance the need to get good grades with the desire to organise the event successfully was certainly tiring yet fulfilling. I'm glad that my life in KDU Penang's Department of Built Environment was a fun and fulfilling one. Currently, I am looking forward to furthering my studies once again in KDU Penang UC, in which I hope to experience another exciting time.
