VISION

Changing lives and enriching communities for a better world.

MISSION

- We deliver superior products and services that benefit society, and shape future generations of leaders and thinkers.
- We care for the safety and health of our people, and we believe in developing their talents through empowerment and enabling them to maximise their potential.
- We grow our businesses to deliver sustainable and responsible shareholder returns while ensuring that we continue to protect our environment.
- We must be bold in technological innovations to be market leaders in our core businesses.
- We will leverage on the synergies within our business ecosystem to create unique product offerings.

EDUCATION CHARTER

- We inspire students and staff to lead, share and serve.
- We create a community in which learning, teaching and research are encouraged, enabled and enjoyed.
- We promote critical thinking, independent learning and creative problem solving.
- We nurture individuals to be ethical and responsible global citizens.
- We share our success with stakeholders and the community we serve.

INTRODUCTION

Welcome to KDU.

Discover an institution that combines knowledge with experiential learning that goes beyond classroom teaching. Our education approach takes on real-world perspective, where our students are encouraged to embark on real-life projects that not only focus on hands-on learning but also education that will help them develop leadership and interpersonal skills, ensuring that they hit the ground running and become graduates who think, do and innovate in order to cater to the needs and betterment of the world we live in.

Here at KDU, we have nurtured many bright and passionate minds who have contributed to society in varieties of ways. We provide a platform for practical, impactful ideas to be conceived and incubated. Our global connections open the minds of our graduates and broaden the perspectives of our future generations.

A pioneer in providing private tertiary education, KDU has seen thousands of spirited and hopeful youths from different background, culture and countries teeming its corridors of vibrant campuses in pursuit of quality education for the past 35 years. As the first institution to have a purpose-built campus, and the first to offer twinning programmes in the nation, KDU is proud to have over 45,000 successful alumni since its inception. Some of whom, include corporate leaders, entrepreneurs and celebrities around the globe.

KDU has two campuses in Selangor – KDU University College in Utropolis Glenmarie and KDU College in Damasara Jaya, and are part of Paramount Education.

ENTREPRENEURIAL SPIRIT & WORKING WITH COMMUNITIES

Richard Branson, Mark Zuckerberg and Elon Musk are entrepreneurs who are highly enthusiastic, creative problem solvers, risks takers who learn from failures and thrive on challenges. At KDU, we foster these eminent traits by encouraging our students to think outside the box, be innovative in developing their business sense and to cultivate entrepreneurial ideas into impactful action.

Making Monster Impact

In an effort to spur and accelerate the students' entrepreneurial mindset, the School of Computing and Creative Media has established a development, publishing & commercialisation initiative called Daikaiju Studios, an avenue where staff and/or students form development teams to take on a variety of projects. One of the many success stories was in 2015 – when a group of KDU Game Development students entered a competition to develop a mobile game based on an upcoming animated TV series called Ejen Ali. The students won RM100,000 as a development start-up capital and are currently incubated within the studio. Another one of the initiatives of the studio is to produce original content. As of today, there are two registered digital game IPs currently in development.

Fine Appreciation of Modern Malaysian Cuisine

An entrepreneurial project of the School of Hospitality, Tourism and Culinary Arts, Dewakan Restaurant is currently Malaysia's rising star in the fine dining scene. Named after the word 'Dewa' for God in Malay and 'Makan' which means 'to eat', Dewakan is looking to change the way we understand Malaysian cuisine by presenting scrumptious and enticing plates that are sure to delight our taste buds. Dewakan believes that food is symbolic of love and the restaurant looks to celebrate the bountiful blessings given by our land through a plethora of innovative courses. This successful entrepreneurial project exists through the vision and passion of KDU culinary lecturer and author of Redefinition: Molecular Cuisine, Chef Darren Teoh.

Turning Designers into Designpreneurs

The growing phenomenon of entrepreneurial designers has given birth to designpreneurs. Designers are normally associated with artistes and visual-makers who tend to be wrapped within their own creative process and creation. However, designers have innate entrepreneurial sense which allows them to expand, experiment and broaden their designs within the commercial, marketing, industrial and trading enterprise. The Entrepreneurial Design students of the School of Communication and Creative Arts understand this concept the most. They are taught to sharpen creative and personalised designs, as well as to market these designs by integrating advanced creative works with business strategies. Through the annual Designpreneur Faire, final year students will showcase and commercialise brands and products they have produced during the period of their studies.

From Class to Café

Come lunch hour, the alluring smells of mouth-watering desserts and pastries at KDU's Café 8ighty 7even are brought to you by the School of Hospitality, Tourism and Culinary Arts' bakery students. The café allows students to be involved in the process of preparing and baking the savouries and pastries for the café, as well as managing the ins and outs of a business model. The students are tasked to prepare sandwiches, tarts and a variety of breads, and they are able to witness the sales of their own culinary creations for the day. This not only allows them to work in the latest well-equipped kitchens but also to participate in real café environment. You can also get some of the best brewed coffee to go with your delicious pastries!

WORKING WITH & WITHIN COMMUNITIES

One of the most vital traits of real-world education in parallel with real-world needs, is to work with and within communities. At KDU, we believe that the communities around us play an important role in shaping and influencing future leaders and professional businesses. We interact with variety of communities and imbue our students the skills required to work with these communities effectively.

Corporate Social Responsibilities

Initiatives that benefit society by corporate enterprises are important in ensuring that the business world remain connected to its own corporate conscience for better environment and better communities. One of the CSR projects initiated by KDU students include the Pre-United Club's efforts of raising more than RM50,000 for the University Malaya Medical Centre (UMMC)'s Children Cancer Fund through its fundraising activities and initiatives. An on-going project since 2010, some of the initiatives from the club include raising funds through tickets sales for musical showcases, food carnivals, competitions such as bowling tournaments and more.

Powering Up with Solar Energy

Putting what they learnt into practice, Tharmaraj A/L Vilosamy, Tan Kin Sun and Vinodkumaran, three students from School of Engineering undertook a feasibility study on alternative power sources for Kampung Sesapan Batu Minangkabau. The students proposed and designed a green energy system, which will allow the remote village to produce solar energy to generate electricity for the entire area. Through this hands-on project, the students not only improved their understanding of the utilisation of renewable energy and honed their technical knowledge, but also provided the village with a useable, cost-effective and sustainable solution.

Bridging Academia with Industry

The School of Business ensures students obtain real-life learning experiences by bridging academia with industry, through partnerships and collaborations.

Digi Cooperative Education Programme

An industry partnership through the adoption of the Introduction to Business module where students receive on-the-job structured learning experiences in relevant operational areas within the telecommunications industry.

Growing Banking Sector: AICB collaboration with KDU

The Asian Institute of Chartered Bankers (AICB) signed an academic partnership with KDU to groom and nurture the next generation of banking graduates. The demand for talented and skilled individuals in financial sector is rising and this partnership is an example of realising the needs within a rapidly changing environment in the banking industry.

The Edge Education Foundation – 'Money & Me' Youth Financial Empowerment Programme

Incorporating relevant aspects and the spirit of corporate social responsibility, our students volunteered to become facilitators to reach out and inculcate the concept of 'financial literacy' to school students.

PROFESSIONAL ACCOUNTING

Get qualified for infinite career prospects

Accountants are depended upon to manage organisations' financial records and activities, making it an indispensable role in any business settings.

The language of accountancy is globally spoken, making it easy for skilled qualified accountants to find work anywhere in the world.

The Professional Accountancy Centre (PAC) at KDU is an ACCA Platinum Approved Learning Partner, which is the most prestigious level. Platinum status is obtained when Learning Partners demonstrate the highest standards to provide students with the best possible chance of success, and this includes the quality and consistency of academic standard as well as student support.

Platinum

CELEBRATING 6 YEARS
PLATINUM APPROVED LEARNING PARTNER 2013-2018

"PAC is celebrating the 6th year being awarded Platinum status Approved Learning Partner by ACCA this year (2018)."

This remarkable achievement would not have been possible without the team of highly dedicated members of the faculty, excellent student support system and last but not least, a conducive campus learning environment that promises lavish college lifestyle. "

WHY CHOOSE KDU?

DEDICATED & EXPERIENCED FACULTY

At KDU, students benefit from our faculty of experienced and professional lecturers, all of whom carry a 10-year average teaching experience.

FLEXIBILITY

- **Weekend classes are available (professional level papers) for those who'd need to juggle between work and study.**

EFFECTIVE COURSE DESIGN

- **We track students' learning capabilities through lecturer-marked progress tests, mock examinations, as well as examination reviews, to ensure a higher passing rate.**
- **Employability Enhancement Programme (EEP) embedded for soft skills enhancement**
- **FREE SQL Accounting Software Training**

STRONG STUDENT SUPPORT

- **Assistance in ACCA initial registration, payment of subscription and registration for exams.**
- **Guidance in Practical Experience Requirement (PER) for attaining ACCA membership.**
- **Academic counselling on study pathways.**
- **Recording services for the classes are available upon request**

WHY CHOOSE KDU?

STRONG INDUSTRY CONNECTION

Corporate sponsorship and job placement by reputable accounting firms

- **Job placement**

Our students have been placed at and rose the ranks as Associates, Senior Associate, Assistant Managers, Managers and Directors in various lines such as Audit, Tax, Advisory Business Services and Outsourcing at medium and large audit firms.

- **Corporate and government sponsorships**

Our students also enjoy financial sponsorship (both partial and full) from various audit firms, as well as appointed government agencies.

Lectures by guest speakers from leading industry players on contemporary issues and soft skills. Some of the past guest speakers include:

TAN KHOON YEOW

Partner, Audit / Learning & Professional Development at BDO Malaysia

" IFRS 9, 15 & 16 "

THONG SIEW FONG

Accounting Industry, Director of Talent Acquisition at BDO Malaysia.

"Resume Writing Skills"

KHAW AI LING

Manager, Graduate Training & FSTEP, Asian Banking School.

"Your gateway to banks and insurance companies in Malaysia"

NG SUE LYNN

Tax Executive Director of KPMG Malaysia.

"GST / Indirect Tax"

CHUA SIONG CHEE

Director, Business Tax Services at Ernst & Young Tax Consultants Sdn. Bhd.

"Corporate Tax Planning "

VINCENT HAH

Senior Manager, Talent Engagement at Deloitte Malaysia

" Effective CV Writing and Interview Skills "

WHY CHOOSE KDU?

TREMENDOUS OPPORTUNITIES

The PAC Club at KDU, specially for Professional Accounting students, is the best place for students to enhance their communication, organisational and leadership skills. Students are able to participate and engage in various activities that not only develop their skills, but also build friendship and camaraderie. Some of the activities recently organised include:

Intra-varsity PAC camp (PACC)

Team building activities which emphasised on team work and leadership skills.

KDU's Got Talent

An opportunity for students to showcase their talents and learn how to communicate with public audience on the stage.

KDU Awards, Talent and Prom (ATP) Night

Planning and organising skills were crucial to make this major event a successful story.

Charity Drive - Volunteer work

Doing charity work together as a team as it builds bonds, strengthens communication skills and boosts morale, while making a positive difference in the lives of people who need it most.

ASSOCIATION OF CHARTERED CERTIFIED ACCOUNTANTS (ACCA)

The ACCA qualification is more than just a professional qualification – it informs employers that a candidate is all-rounded and familiar in all aspects of business.

ACCA is the world's largest fastest growing professional accountancy body with about 486,000 students and 200,000 members in 181 countries. It has 100 years of tradition in providing people internationally recognised business-relevant, first-choice qualifications to the people seeking a fulfilling and successful career in accountancy, finance, and management.

The 13 ACCA exams are divided into 3 levels- Applied Knowledge, Applied Skills and Strategic Professional. The Applied Knowledge introduces the main areas of Financial and management accounting, which the Applied Skills covers the main technical areas that accountants should know. The Strategic Professional is divided into Essentials and Options. This level have been set at the same ability

level as a Master's degree. It explores more advanced professional skills, techniques and values that are required by senior level accountants working in an advisory of consultancy role

Here at KDU, we aim to develop students to meet global standards and prepare them for business. They will be taught by professional and qualified lecturers that also give industry and networking support vital for future job placements.

**The globally recognised
professional qualification**

OPTIONAL PATHWAY FOR ACCA: BACHELOR OF SCIENCE (HONS) IN APPLIED ACCOUNTING

Students who are keen on obtaining a degree while studying towards the ACCA qualification have an option of enrolling in the Bachelor of Science (Hons) in Applied Accounting programme, developed by ACCA and Oxford Brookes University (UK).

Completing a degree and a professional accounting qualification boasts a powerful combination of expertise, putting graduates in demand with employers thereby increasing their career prospects.

Obtain a degree on the way to getting an ACCA qualification

CAREER OPPORTUNITIES

Commercial

- Account Executive
- Entrepreneur
- Management Accounting Executive

Public Practice

- Audit Senior
- Tax Senior
- Assistant Tax Officer
- Business Advisory
- Business Consultant

PROGRAMME STRUCTURE

RESEARCH AND ANALYSIS PROJECT (RAP)

The Research and Analysis Project (RAP) is the final component of the BSc degree and consists of two separate documents; a 7,500 word Research Report (RR) and a 2,000 word Skills and Learning Statement (SLS). Students are also required to give a presentation on the project to their project mentor.

ASSESSMENT

To pass the RAP, students must pass both the Research Report (RR) and the Skills and Learning Statement (SLS). If students do not pass both components separately within the same RAP submission, they will be awarded a Fail grade for the RAP.

Students will be given one of three Pass grades (A, B or C) or a Fail grade (F) for the performance in the RR.

Students will be given either a Pass grade or a Fail grade for the performance in the SLS.

If students achieve one of the three Pass grades for the RR and the Pass grade for the SLS, then a pass in the RAP will be awarded. The grade awarded to students for the performance in the RAP will be of that awarded to them for the RR i.e. A, B or C. Once they have been awarded one of the three Pass grades for the RAP, then they cannot make any further RAP submissions.

If students are awarded either a Fail grade in the RR or a Fail grade in the SLS, then they will be awarded a Fail grade for the RAP. If they are awarded a Fail grade on the first RAP submission, they will be allowed up to two further RAP submissions.

ENTRY REQUIREMENT

Academic Qualification

ACCA Applied Knowledge and Applied Skills (9 exams)

Requirement

Completed with no exemptions for FR, AA or FM

ALUMNI

**KOK SHWU
JIUN**
ACCA - Class of 2012

A few years after graduation, I found myself back on familiar grounds, which is my old campus, KDU College. However, instead of attending classes, I am currently delivering lectures for the CAT programme. Under a collaboration between KDU and the Association of Chartered Certified Accountants (ACCA), students of the Bachelor of Accounting (Hons) programme will spend their final year covering the syllabus of five professional ACCA papers. I've been given the opportunity to work on the coordination of this degree programme, in particular the Year 3 subjects.

I believe most people will query why an accounting graduate is not engaged with an accounting firm, when their career takes them on a different track. For me, it is simple – being in the education line is what I always wished to do. Prior to joining the academia, I

chose to work in an accounting firm to gain some experience as I think the industry exposure is beneficial for both my students and myself. Being an ex-ACCA student, I can really understand the needs of my students as we have very similar education background.

With my experience in KDU and PAC, coupled with the qualification I have gained, I find more doors of opportunity are opened up to me.

ALUMNI

COURTNEY SIEW

ACCA - Class of 2013

I started my banking career back in 2011 when I was offered an opportunity to work with Malaysia's largest bank - Maybank, as a management trainee in the corporate banking division. At that point of time, I was pursuing my degree from Oxford Brookes University, with 2 more ACCA professional papers to complete. ACCA allowed me the flexibility to pursue my career and continue with my remaining papers on a part-time basis.

It is never easy juggling between work and studies, especially in a demanding role as a corporate relationship manager. Nonetheless with proper time management, nothing is impossible when you set your mind to it. I worked hard and managed to pass all my ACCA papers with continued support from my KDU lecturers, bosses, work mentor, family members and friends.

Being an ACCA member opens up doors of opportunities as it gives future employers a sense of confidence that not only are they hiring a competent accounting and finance specialist but a person with strong determination and drive. KDU has equipped me with the knowledge and skills; a solid foundation and confidence to face the tough challenges in the corporate world. The unwavering support and guidance from the dedicated lecturers, management staff and fellow students makes KDU the perfect place to learn valuable life lessons while having fun at the same time!

ALUMNI

**EVON KHONG
YI KUAN**
ACCA - Class of 2012

KDU has given me various opportunities to gain knowledge not only in my studies but also in many other aspects such as organising various activities with the PAC Club, being a student advisor in education fairs, and sharing my thoughts and experience with new students, which comes in handy in my working environment as auditors are often required to speak to clients from various levels in an organisation.

The dedicated team of lecturers in KDU often share their experience so that students can relate to theories in book and understand how the relevant skills and knowledge can be applied in the working world, which enabled me to often adapt quickly to new tasks, industries and environment.

When I was in KDU, I was also given the opportunity to brush up my public speaking skills, which helped to boost my confidence level in speaking to others and when conducting internal trainings for the firm.

What made me choose KDU over all other colleges that offer ACCA is the dedicated lecturers and classroom environment. The passionate lecturers in KDU inspired me to encourage people around me to walk my path and share my experience. They have taught me to not give up and have a strong will while facing obstacles ahead. Those obstacles are what makes us a better person. In the auditing field, we are often exposed to difficult jobs requirements, unreasonable time-line and long working hours, but because of the encouragement from my lecturers in KDU, I'm often self-motivated and am able to stand up after falling just like how they taught me not to give up after I failed my exam back then. There is just too much good memories and experience throughout my years of study in KDU.

ALUMNI

**CHAN YEAP
PENG**
ACCA - Class of 2011

I am currently an Associate Director in KPMG. Aside from my work, I am particularly involved in CSR initiatives. I participate in World Vision Sponsorship programme by sponsoring 4 children. This programme allowed me to join their Sponsor Visit where we travelled to Philippines, Thailand, Vietnam, China to visit their Area Development Programs and the child you sponsored. I am also actively engaged in Kechara Soup Kitchen where we serve the homeless by providing food, medical, clothes as well as haircut service to the homeless every week. This also includes food bank programme where we provide monthly provisions to the urban poor.

Studying in KDU was the right choice as it has made my ACCA journey a much easier and enjoyable experience. This has also pushed my career to a higher level and thus enabled me to have the means and capacity to contribute back to the society. I am also able to provide better advice to the younger generation on the importance of education.

I remembered visiting my sponsored child Thailand where he told me that he wanted to quit his studies due to poverty. I managed to influence him the importance of studies where he can improve not only his life but will also enable him to have the means to help others in need when he is able to grab better job opportunities due to education.

The most important thing I learnt from KDU is attitude and passion matters. Positive attitude and having passion in what you do makes a difference in passing your papers as well as in every aspects of your life. This was displayed in all the lecturers as well as staff in KDU which makes the whole encounter with them enjoyable and fruitful.

STUDENT LIFE

Vibrant Community

Being on campus is one of the most exciting phases in an individual's life. A university campus is a safe and encouraging space for students to come together to learn, be inspired and spend time with their peers within a vibrant and conducive environment.

At KDU, students can opt to run for the KDU Student Council, a student-elected body which serves as a bridge between the university management and students, or get involved in the numerous clubs and societies available – from dance to debate, sports to student entrepreneurship, games to culture.

KDU's Student and Alumni Centre (SAC) creates and maintains the vibrancy required in a student's life in order to enhance positive experiences. SAC also looks to provide the highest level of quality support and welfare by cultivating five fundamental needs: social, mental, physical, emotional and spiritual aspect in order to maximise both academic and personal development. In line with the Malaysia Education Blueprint (MEB), the KDU YOUTH Empowerment Plan includes five key holistic initiatives to anchor students to adopt healthy lifestyle and maximise learning experiences.

| FITSPIRATION

Injecting a dose of fitness into students' daily lives, this initiative encompasses all activities that will feed and boost students' body, mind and soul, such as yoga, basketball, badminton, various talks on wellbeing, and more.

| CAREER EXPLORATION

This initiative helps students explore the various internship or job options that fit their interests, skills, and abilities. Through this initiative, students can enjoy career enrichment talks, industry engagements as well as the career placement fair.

| SUSTAINABILITY

The Sustainability initiative is to create awareness for students to become conscious of the importance and need to sustain the world we live in. Students and staff are encouraged to waste not and to live a green life.

| HATCH UP

Hatch Up aims to facilitate students in learning to develop entrepreneurial skills, by supporting creativity, self-generated ideas and efforts. This action plan intends to give KDU graduates a chance to see their ideas take shape in reality, with support from the university, and further fuel their journey to be a self-made success by developing an entrepreneurial mindset – driven, resourceful, persistent, and above all, dedicated to a cause to call their own.

| CULTURATION

Diversity is a big part of who we are as a society. Culturation aspires to encourage students to appreciate these differences and understand how culture influences the way they see the world. Activities students can look forward to include diversity and inclusion camps, cultural exchanges and such.

Culturation: Malay Cultural Society Homestay

CSR Activities with a Local Orphanage

Outdoor Activities at the PAC Camp

Career Exploration: Internship Fair

Strikes for Charity - Bowling Tournament by Pre-United Club

Culturation: KDU International Students Society visits Tugu Negara

An evening with iron Chef Thailand winner, Tom Halpin, organised by Club Grapevine

Career Exploration: Students visit BFM Radio Station

2015 Sports Carnival Launch with YB. Kahiry Jamaludin, Minister of Youth and Sports, Malaysia

Dance routine by Performing Arts (PARTS) Club

Peer to Peer Training Camp

Voices of Moderation Youth Campaign

Culturation: KDU 2nd International Student Entrepreneurship Conference

KDU Sustainability Initiative

Blood Donation Drive by Leo Club

Feed the Soul Fest by the School of Communication & Creative Arts

CAMPUS LIFE & FACILITIES

KDU College, Damansara Jaya

The iconic KDU College campus is located in trendy Damansara Jaya, where students enjoy unparalleled convenience, being a stone's throw from various malls such as the newly refurbished Atria Mall, Tropicana City Mall and One Utama, an array of F&B outlets, amenities such as medical centres, as well as greeneries in neighbouring Bandar Utama Central

Park and Bukit Kiara Park. Students thus have the best of both worlds; an awesome lifestyle experience with access to quality international programmes.

The Damansara Jaya campus boasts of lecture halls, an auditorium, a modern cafeteria, as well student lounges and collaborative spaces.

The Student Residence, situated in the Damansara Jaya residential area, is fitted with comfortable and quality furnishing to make students feel at home.

The Student Lounge allows students to relax and unwind with their friends between classes.

The Pandemonium Jamming Space is a hotspot for students to kick back and jam up some funky sounds and music.

Studying late is made comfortable and safe with our 24/7 Study Room, accessible only with electronic student card system with 24-hour video surveillance.
